**Glow LifeTech Corp.**  
**Management's Responsibility of Financial Reporting**  
**June 30, 2024**

**Notice of No Auditor Review of Condensed Interim Consolidated Financial Statements**

Under National Instrument 51-102, Part 4, subsection 4.3(3) (a), if an auditor has not performed a review of the interim financial statements; they must be accompanied by a notice indicating that the financial statements have not been reviewed by an auditor. The accompanying unaudited condensed interim consolidated financial statements of the Company have been prepared by management and approved by the Audit Committee and Board of Directors of the Company. The Company's independent auditor has not performed a review of these financial statements in accordance with the standards established by Chartered Professional Accountants of Canada for a review of interim financial statements by an entity's auditor.

---

**1. NATURE OF OPERATIONS AND GOING CONCERN**

Glow LifeTech Corp., formerly Ateba Resources Inc., (the "Company" or "Glow") was formed under the laws of the Province of Ontario on February 1, 1988. The Company was primarily engaged in the acquisition and exploration of mineral properties in Canada.

Glow LifeTech Ltd. ("Glow Ltd.") was incorporated in Ontario on December 17, 2018 as 2671237 Ontario Ltd. and on February 6, 2019 filed Articles of Amendment changing its name to Glow LifeTech Ltd. Glow is engaged in the business of secondary processing of ingredients to produce micellized materials from certain vitamins, nutraceuticals and cannabis extracts that makes fat-soluble substances available for immediate absorption into the body reach near 100% bioavailability and water compatibility.

On March 3, 2021, Glow Ltd. completed a reverse takeover pursuant to the terms of a reverse takeover agreement dated June 24, 2020 (the "Reverse takeover Agreement") amongst Glow Ltd., Ateba Resources Inc. ("Ateba") and the shareholders of Glow Ltd. by way of three-cornered amalgamation. On June 15, 2021 2760626 Ontario Inc. was incorporated ("subco") which is a wholly-owned subsidiary of Ateba solely for the purpose of completing the Amalgamation with Glow Ltd., which was completed on March 3, 2021. Pursuant to the Reverse takeover Agreement, Ateba issued 47,334,379 common shares to the Glow Ltd. shareholders, representing approximately 84.1% of the issued share capital of Ateba on the closing date of the transaction. On February 26, 2020, Ateba pursuant to the terms of the transaction changed its name to Glow LifeTech Corp.

The principal business address of the Company is 65 International Blvd. Suite 202, Toronto, Ontario M9W 6L9.

The Company's ability to continue as a going concern is dependent upon the need to both manage expenditures and to raise additional funds. The Company is experiencing, and has experienced, negative operating cash flows and has working capital deficiency of \$1,827,602 as at June 30, 2024 (December 31, 2023 working capital deficiency of \$2,155,556). The Company will continue to search for new or alternate sources of financing in order to continue development of its products. These material uncertainties cast significant doubt on the Company's ability to continue as a going concern.

There can be no assurance that the Company will be able to continue to raise funds when required in which case the Company may be unable to meet its obligations. Should the Company be unable to realize on its assets and discharge its liabilities in the normal course of business, the net realizable value of its assets may be materially less than the amounts recorded on the statement of financial position.

**2. BASIS OF PRESENTATION**

These consolidated financial statements include the accounts of the company Glow Life Tech Corp., the accounts of its wholly owned Canadian subsidiary Glow Life Tech Inc. and the accounts of Glow Life Tech Inc.'s wholly owned Canadian subsidiary Swiss Pharma Corp., as at and for the years ended December 31, 2023 and December 31, 2022. Any intercompany balances and transactions between the companies has been eliminated upon consolidation.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**  
(Expressed in Canadian dollars)

---

**Statement of Compliance**

These financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) effective as of December 31, 2023. The annual consolidated financial statements of the Company for the year ended December 31, 2023 were approved and authorized for issue by the Board of Directors on August 29, 2024.

**Basis of Measurement**

These consolidated financial statements have been prepared on the historical cost basis except for items recorded at fair value. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

**Functional and Presentation Currency**

The consolidated financial statements are presented in Canadian dollars, which is also the Company's and its subsidiaries functional currency.

**3. MATERIAL ACCOUNTING POLICY INFORMATION**

The following accounting policies have been applied consistently to all periods presented in these consolidated financial statements:

**(a) IMPAIRMENT**

At each financial position reporting date, the carrying amounts of the Company's long-lived assets are reviewed to determine whether there is any indication that those assets are impaired at a cash generating unit level. If any such indication exists, the recoverable amount of the cash generating unit is estimated in order to determine the extent of the impairment, if any. The recoverable amount is the higher of fair value less costs to sell and value in use, which is the present value of future cash flows expected to be derived. If the recoverable amount is estimated to be less than its carrying amount, the carrying amount is reduced to its recoverable amount and the impairment loss is recognized in the profit or loss for the period.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**  
(Expressed in Canadian dollars)

---

**(b) INTANGIBLE ASSETS**

The Company records intangible assets at fair value at the date of acquisition. An intangible asset is capitalized when the economic benefit associated with an asset is probable and when the cost can be measured reliably. Intangible assets are carried at cost less accumulated depreciation and impairment losses. Cost consists of expenditures directly attributable to the acquisition of the assets. Intangible assets with finite lives are amortized over the related benefit period. Those with indefinite lives are not amortized and are tested for impairment on an annual basis. The Company's intangible assets consist of patents, patent applications and research and development costs that are amortized over their five-year estimated useful life and license agreement that is amortized over its 9-year estimated useful life, commencing with their utilization in revenue generating activities.

**(c) RESEARCH AND DEVELOPMENT COSTS**

Costs associated with the development of the Company's products are capitalized where the following criteria are met:

- the technical feasibility of completing the intangible asset so it will be available for use or sale;
- its intention to complete and its ability to use or sell the assets;
- how the asset will generate future economic benefits;
- the availability of resources to complete the asset; and
- the ability to measure reliably of the expenditure during development.

In the prior year the Company acquired a research and development project which was capitalized and included in intangibles. This period, raw materials purchased were used to create sample batches for testing and refining formulas.

**(d) SHARE-BASED PAYMENTS**

The Company accounts for share-based payments using the fair value method. Under this method, employee stock options recognized as compensation expense are measured at fair value on the date of grant using the Black Scholes option pricing model, and are recognized as an expense or capitalized, depending on the nature of the grant, with a corresponding increase in equity, over the period that the employees earn the options. The amount recognized as an expense is adjusted to reflect the number of share options expected to vest. The Black Scholes option pricing model requires the input of subjective assumptions, including the expected term of the option and stock price volatility.

For transactions with employees and others providing similar services, the Company measures the fair value of the services received by reference to the fair value of the services rendered. For transactions with parties other than employees, the Company measures the goods or services received, and the corresponding increase in equity, directly, at the fair value of the goods or services received, unless that fair value cannot be estimated reliably. When the Company cannot estimate reliably the fair value of the goods or services received, it measures their value, and the corresponding increase in equity, indirectly, by reference to the fair value of the equity instruments granted.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**  
(Expressed in Canadian dollars)

---

**(e) FOREIGN CURRENCY TRANSLATION**

The Company's functional and presentation currency is the Canadian dollar. Foreign currency transactions are initially recorded in the functional currency at the transaction date exchange rate. At closing date, monetary assets and liabilities denominated in a foreign currency are translated into the functional currency at the closing date exchange rate, and non-monetary assets and liabilities at the historical rates. Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognized in profit or loss.

**(f) FINANCIAL INSTRUMENTS**

Financial assets and financial liabilities are recognized at fair value when the Company becomes a party to the contractual provisions of the financial instrument.

Under IFRS 9, financial assets are classified and measured based on the business model in which they are held and the characteristics of their contractual cash flows. IFRS 9 contains the primary measurement categories for financial assets: measured at amortized cost, fair value through other comprehensive income ("FVTOCI") and fair value through profit and loss ("FVTPL").

Below is a summary showing the classification and measurement bases of financial instruments;

<b>Asset or Liability</b>	<b>Category</b>	<b>Measurement</b>
Cash and funds held in trust	FVTPL	Fair value
Accounts payable and accrued liabilities	Current liabilities	Amortized cost
Loans and advances	Current assets	Amortized cost
Lease payable	Current liabilities	Amortized cost
Investments	Current asset	Fair value
Loans payable	Current liabilities	Amortized cost
Due to related parties	Current liabilities	Amortized cost

*Financial assets*

Financial assets are classified as either financial assets at FVTPL, amortized cost, or FVTOCI. The Company determines the classification of its financial assets at initial recognition.

*(i) Financial assets recorded at FVTPL*

Financial assets are classified as FVTPL if they do not meet the criteria of amortized cost of FVTOCI. Gains or losses on these items are recognized in profit or loss. The Company's cash and cash equivalents and marketable securities are classified as financial assets measured at FVTPL.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**

(Expressed in Canadian dollars)

---

(ii) *Amortized cost*

Financial assets are classified as measured at amortized cost if both of the following criteria are met and the financial assets are not designated as at FVTPL: 1) the object of the Company's business model for these financial assets is to collect their contractual cash flows; and 2) the asset's contractual cash flows represent "solely payments of principal and interest". The Company's loan receivable is classified as financial assets measured at amortized cost.

*Financial liabilities*

Financial liabilities are classified as either financial liabilities at FVTPL or at amortized cost. The Company determines the classification of its financial liabilities at initial recognition.

(i) *Amortized cost*

Financial liabilities are classified as measured at amortized cost unless they fall into one of the following categories: financial liabilities at FVTPL, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition, financial guarantee contracts, commitments to provide a loan at a below-market interest rate, or contingent consideration recognized by an acquirer in a business combination.

The Company's accounts payable and accrued liabilities and Due to shareholders do not fall into any of the exemptions and are therefore classified as measured at amortized cost.

(ii) *Financial liabilities recorded FVTPL*

Financial liabilities are classified as FVTPL if they fall into one of the five exemptions detailed above.

*Transaction costs*

Transaction costs associated with financial instruments, carried at FVTPL, are expensed as incurred, while transaction costs associated with all other financial instruments are included in the initial carrying amount of the asset or the liability.

*Subsequent measurement*

Instruments classified as FVTPL are measured at fair value with unrealized gains and losses recognized in profit or loss. Instruments classified as amortized cost are measured at amortized cost using the effective interest rate method. Instruments classified as FVTOCI are measured at fair value with unrealized gains and losses recognized in other comprehensive income.

*Derecognition*

The Company derecognizes financial liabilities only when its obligations under the financial liabilities are discharged, cancelled, or expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**  
(Expressed in Canadian dollars)

---

*Expected credit loss impairment model*

IFRS 9 introduced a single expected credit loss impairment model, which is based on changes in credit quality since initial application. The adoption of the expected credit loss impairment model had no impact on the Company's consolidated financial statements.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due. The Company considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Company in full or when the financial asset is more than 90 days past due.

The carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

*Financial instruments at fair value through profit and loss*

Financial instruments recorded at fair value on the consolidated statements of financial position are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1 – valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 – valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices): and
- Level 3 – valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Cash and funds held in trust are measured at fair value using Level 1 inputs.

As at December 31, 2023 and 2022, the fair value of the financial liabilities approximates the carrying value, due to the short-term nature of the instruments.

**(g) REVENUE RECOGNITION**

Product sales revenue is recognized when the following criteria are met:

- i. the parties to the contract have approved the contract and are committed to perform their respective obligations;
  - ii. the entity can identify each party's rights regarding the goods or services to be transferred;
  - iii. the entity can identify the payment terms for the goods or services to be transferred;
  - iv. the contract has commercial substance
  - v. it is probable that the entity will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer.
- Control of goods transfers at FOB destination.

Interest income is recognized on a time-proportion basis using the effective interest method.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**

(Expressed in Canadian dollars)

---

**(h) FUNDS HELD IN TRUST**

Funds held in trust consists of cash on hand, deposits in banks and funds held in trust by the Company's external legal counsel. Funds held in trust are not restricted and can be used for working capital purposes.

**(i) CAPITAL ASSETS**

Capital assets are stated at historical cost less accumulated depreciation and accumulated impairment losses.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the statement of loss and comprehensive loss during the financial period in which they are incurred.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognized in profit or loss in the period.

Amortization is calculated on a straight-line basis at the following annual rates:

Laboratory and technical equipment	20%
Office, furniture and equipment	20%
Computer equipment	30%

**(j) INVENTORY**

Inventory is valued at the lower of cost and net realizable value. The cost of inventory is determined using the average cost method. Cost includes all direct labor and direct materials incurred in bringing the inventory to its present location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale. This includes both the gross proceeds expected from the sale of the inventory and the transaction costs required to complete the sale. If the net realizable value of inventory is less than its cost, an impairment loss is recognized to write down the inventory to its net realizable value.

**(k) LEASE LIABILITY**

All leases are accounted for by recognizing a right-of-use asset and a lease liability except for leases of low value assets and leases with a duration of twelve months or less. Lease liabilities are measured at the present value of the contractual payments due to the lessor over the term of the lease with the discount rate determined by using the incremental borrowing rate on commencement of the lease. Right-of-use assets are amortized on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if this is judged to be shorter than the remaining lease term.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**  
(Expressed in Canadian dollars)

---

**(l) RELATED PARTY TRANSACTIONS**

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence, related parties may be individuals or corporate entities. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties. Related party transactions that are in the normal course of business and have commercial substance are measured at the exchange amount.

**(m) CASH AND CASH EQUIVALENTS**

Cash consists of cash on hand, deposits in banks and funds held in short term deposits.

**(n) INCOME TAXES**

Income tax on profit or loss for the year comprises of current and deferred tax. Current tax is the expected tax paid or payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax paid or payable in respect of previous years.

Deferred tax is recorded using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized. The effect on deferred income tax assets and liabilities of a change in income tax rates is recognized in the period that includes the date of the enactment or substantive enactment of the change. Deferred tax assets and liabilities are presented separately except where there is a right of set off within fiscal jurisdictions.

**(o) BASIC AND DILUTED INCOME (LOSS) PER SHARE**

Basic income (loss) per share has been calculated using the weighted average number of common shares outstanding during the year. Diluted income (loss) per share has been calculated using the weighted average number of common shares that would have been outstanding during the respective period had all of the stock options and warrants outstanding at year end having a dilutive effect been converted into shares at the beginning of the year and the proceeds used to repurchase the Company's common shares at the average market price for the year.

**(p) COMPREHENSIVE INCOME (LOSS)**

Comprehensive income (loss) consists of net income (loss) and other comprehensive income (loss) and represents the change in shareholders' equity which results from transactions and events from sources other than the Company's shareholders. Income or loss from an investment in associate is included in other comprehensive income (loss). Accumulated other comprehensive income (net of income taxes) is included on the consolidated statements of financial position as a component of common shareholders' equity.

**4. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES**

The preparation of these consolidated financial statements in conformity with IFRS requires that management make estimates and assumptions about future events that affect the amounts reported in the consolidated financial statements and related notes to the annual consolidated financial statements. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

(i) Critical accounting estimates

Critical accounting estimates are estimates and assumptions made by management that may result in a material adjustment to the carrying amount of assets and liabilities within the next financial year and are, but are not limited to, the following:

*Share based payments and warrants*

The fair value of stock options and warrants issued are subject to the limitation of the Black Scholes option pricing model that incorporates market data and involves uncertainty in estimates used by management in the assumptions. Because the Black Scholes option pricing model requires the input of highly subjective assumptions, including the volatility of share prices, changes in subjective input assumptions can materially affect the fair value estimate.

*Useful life of intangible assets*

Management has exercised their judgment in determining the useful life of its patents, patent applications and research and development costs. The estimate is based on the expected period of benefit of the patent and the expected life of the product in the marketplace.

(ii) Critical accounting judgments

Information about critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements are, but are not limited to, the following:

*Determination of functional currency*

In accordance with IAS 21, The Effects of Changes in Foreign Exchange Rates, management has determined that the functional currency of the Company is the Canadian dollar.

*Evaluation of going concern*

The preparation of the consolidated financial statements requires management to make judgments regarding the going concern of the Company as previously discussed in Note 1.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**

(Expressed in Canadian dollars)

*Impairment of intangible assets*

Management has exercised their judgment in determining if the patents and license is impaired. The judgment is based on the expected future benefit of the intangible assets.

*Income taxes*

Management has exercised their judgment in determining the provision for future income taxes. The judgment is based on the Company's current understanding of the tax law as it relates to the transactions and activities entered into by the Company.

**5. PROPERTY, PLANT AND EQUIPMENT**

Capital assets as at June 30, 2024, consist of the following:

	Lab equipment	Office furniture & equipment	Computer equipment	Total

**9. COMMITMENTS**

On June 1, 2020, the Company entered into a Share Exchange Agreement (the Agreement) between the Company, Swiss Pharmacan AG and Swiss Pharma Corp., whereby the Company acquired all of the issued and outstanding shares of Swiss Pharma Corp. from Swiss Pharmacan AG for the aggregate purchase price of CAD\$6,000,000.

The following obligations remain to be fulfilled as part of the purchase agreement:

- a. 5,000,000 shares issued to Swiss Pharmacan AG upon the transfer to and receipt by the Company of reactor documentation, operating protocols and other relevant know-how to allow the Company to commercialize the Intellectual Property pursuant to a License Agreement dated January 7, 2020 between Swiss Pharma Corp. and Swiss Pharmacan AG;
- b. an additional 10,000,000 shares issued to Swiss Pharmacan AG upon successful completion of the first bio-reactor build and transport of the machine to the facilities of the Company and successful set-up at the Company's facilities;
- c. an additional 5,000,000 shares issued to Swiss Pharmacan AG upon successful testing of the bio-reactor at the Company's facilities, to the Company's satisfaction;
- d. an additional 2,000,000 shares issued to Swiss Pharmacan AG at the time of the first commercial shipment of products processed using the bio-reactor; and,
- e. an additional 3,000,000 shares issued to Swiss Pharmacan AG upon receipt to the Company of CAD\$10,000,000 in gross revenues through the direct commercialization of the Intellectual Property as contemplated by the License Agreement.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**

(Expressed in Canadian dollars)

- i. On February 16, 2024, the Company settled an aggregate of \$211,837 of indebtedness owed to an arm's length creditor through the issuance of 4,236,747 units of the company at \$0.05 per unit. Each unit consists of one share of the company and one-half a common share purchase warrant. Each whole warrant shall be exercisable into one common share in the capital of the company at a price of \$0.07 per warrant share until two years from the date of issuance of the warrants.
- ii. On April 26, 2024, the Company completed a non-brokered private placement financing for gross proceeds of \$605,000 through the issuance of 20,166,667 units in the capital of the company, at a price of \$0.03 per unit. Each unit was comprised of one common share in the capital of the company and one common share purchase warrant. Each warrant entitles the holder thereof to acquire one common share at a price of \$0.05 per Common Share for a period of eighteen (18 months) from the date of issuance.

**(b) Stock option plan and share-based compensation**

The Company has a stock option plan under which it is authorized to grant options to directors, employees and consultants enabling them to acquire up to 20% of the issued and outstanding common shares of the Company. Under the plan, the exercise price of each option equals the market price, minimum price, or a discounted price of the Company's shares as calculated on the date of grant.

	Number of Options Outstanding	Black-Scholes Value	Weighted Average Exercise Price
<b>Balance - December 31, 2023</b>	<b>10,860,000</b>	<b>2,489,698</b>	<b>\$ 0.30</b>
<b>Balance - March 31, 2024</b>	<b>10,860,000</b>	<b>2,489,698</b>	<b>\$ 0.30</b>
<b>Balance - June 30, 2024</b>	<b>10,860,000</b>	<b>2,489,698</b>	<b>\$ 0.30</b>

- i. On March 3, 2021, the Company announced that it has granted an aggregate of 10,800,000 options to purchase common shares of the company with an estimated fair value of \$2,476,128 exercisable at a price of \$0.30 per common share, vesting immediately and expiring March 4, 2026 to certain directors, officers and consultants of the Company.
- ii. On May 28, 2021, the Company also issued 210,000 options with an estimated fair value of \$53,161 exercisable at a price of \$0.34 per common share, vesting immediately and expiring May 28, 2026 to certain officers and consultants of the Company.
- iii. On October 14, 2021, the Company also issued 500,000 options with an estimated fair value of \$88,632 exercisable at a price of \$0.25 per common share, vesting immediately and expiring October 14, 2026 to certain officers and consultants of the Company.

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**

(Expressed in Canadian dollars)

The following common share purchase options are outstanding as at June 30, 2024:

<b>Date of Grant</b>	<b>Number of Options Outstanding</b>	<b>Exercise Price</b>	<b>Weighted average remaining life (years)</b>	<b>Expiry Date</b>	<b>Number of Options exercisable</b>
March 3, 2021	10,550,000	0.30	1.68	March 4, 2026	10,550,000
May 28, 2021	210,000	0.34	1.91	May 28, 2026	210,000

<b>Balance June 30, 2024</b>	<b>22,285,040</b>	<b>532,112</b>	<b>\$0.05</b>

The fair value of warrants granted was estimated at the date of grant using a Black Scholes Option Pricing Model with the following assumptions:

	<b>March 3, 2022</b>
Share price	\$ 0.17
Risk free interest rate	3.25%
Time to maturity - years	1.5
Expected life of warrants	2 years

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**

(Expressed in Canadian dollars)

As at December 31, 2023, 8,389,216 warrants were outstanding. During the six-month period ended, June 30, 2024, 8,389,216 warrants expired, and 22,285,040 were granted. During The warrants entitle the holders to purchase the stated number of common shares at the exercise price on or before the expiry date.

<b>Date of Grant</b>	<b>Number of Warrants Outstanding</b>	<b>Exercise Price</b>	<b>Fair Value</b>	<b>Expiry Date</b>
February 16, 2024	2,118,373	\$ 0.07	57,560	February 16, 2026
April 26, 2024	20,166,667	\$ 0.05	474,552	October 26, 2025
	<b>22,285,040</b>	<b>\$</b>	<b>532,112</b>	

**15. RECONCILIATION OF INCOME TAXES**

Income tax expense differs from the amount that would be computed by applying the federal and provincial income tax rates of 26.50% (2022 – 26.50%) to income before income taxes. The reasons for the differences and the related tax effects are as follows:

	<b>December 31, 2023</b>	<b>December 31, 2022</b>
Tax at applicable rate of 26.5%	(436,087)	(583,164)
Permanent differences	330	86,995
Temporary differences	435,757	496,169
	-	-
Income Tax expense	-	-

**16. DEFERRED INCOME TAXES**

Deferred income taxes are provided as a result of temporary differences that arise due to the differences between the income tax values and the carrying amount of assets and liabilities. Deferred tax assets have not been recognized in respect of these items because it is not probable that future taxable profit will be available against which the Company can utilize the benefits there from.

Significant components of deductible and taxable temporary differences and unused tax losses that have not been included on the statement of financial position are as follows:

	<b>December 31, 2023</b>	<b>December 31, 2022</b>
CCA in excess of NBV	\$ 15,018	\$ 141,057
Investment	-	(7,412)
Leased assets	(5,159)	(6,799)

**GLOW LIFETECH CORP.**  
**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE MONTHS ENDED JUNE 30, 2024, AND 2023**

(Expressed in Canadian dollars)

---

Non-capital loss carry-forwards expire as noted in the table below. At December 31, 2023 the Company has un-utilized non-capital loss carry forwards of \$5,638,315 which will expire as follows:

**17. FINANCIAL RISK FACTORS**

The Company manages its exposure to a number of different financial risks arising from its operations as well as its use of financial instruments including market risks, credit risk and liquidity risk through its risk management strategy. The objective of the strategy is to support the delivery of the Company's financial targets while protecting its future financial security and flexibility.

Financial risks are primarily managed and monitored through operating and financing activities and, if required. The financial risks are evaluated regularly with due consideration to changes in the key economic indicators and up-to-date market information.

The Company's financial instruments primarily consist of cash. The fair value of the Company's accounts payable and accrued liabilities approximates their carrying value, due to their short-term maturities or ability of prompt liquidation.

The Company's cash is recorded at fair value, under the fair value hierarchy, based on level one quoted prices in active markets for identical assets of liabilities. The Company is exposed in varying degrees to a variety of financial instrument related risks.

*Market Risk*

Market risk is the risk or uncertainty arising from possible market price movements and their impact on the future performance of the business. These market risks are evaluated by monitoring changes in key economic indicators and market information on an on-going basis.

*Interest Rate Risk*

The Company has cash balances and is not at a significant risk to fluctuating interest rates. The Company's current policy is to invest excess cash in investment-grade short-term deposit certificates issued by its banking institutions. The Company periodically monitors the investments it makes and is satisfied with the credit ratings of its banks. The Company monitors the credit worthiness of the debtor and is satisfied with the debtor's ability to repay the amount owing.

*Foreign currency risk*

As at December 31, 2023 the Company's expenditures are predominantly in Canadian dollars, and any future equity raised is expected to be predominantly in Canadian dollars and therefore is not at a significant risk to fluctuating exchange risks.

---

*Liquidity Risk*

Liquidity risk encompasses the risk that a company cannot meet its financial obligations in full. The Company's main source of liquidity is derived from its common stock issuances. These funds are primarily used to finance working capital, operating expenses, capital expenditures, and acquisitions.

The Company manages its liquidity risk by regularly monitoring its cash flows from operating activities and holding adequate amounts of cash and cash equivalents. As at June 30, 2024, the Company held cash in banks and cash in trust of \$366,547 (December 31, 2023 - \$34) to settle current liabilities of \$2,562,352 (December 31, 2023 - \$2,346,136).

*Credit Risk*

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Financial instruments that potentially subject the Company to credit risk consist of cash. The Company has reduced its credit risk by investing its cash in trust with Canadian chartered banks.

**18. MANAGEMENT OF CAPITAL**

The Company manages its capital structure and makes adjustments to it, based on the funds available to the Company, in order to support the development of its business. The Board of Directors does not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business. The Company defines capital to include its shareholders' equity. In order to carry out the planned development of its business and pay for administrative costs, the Company will spend its existing working capital and raise additional funds as needed. Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable.

There were no changes in the Company's approach to capital management during the period ended June 30, 2024. The Company is not subject to externally imposed capital requirements.

The Company considers its capital to be shareholders' equity, which is comprised of capital stock, reserves, and accumulated deficit, which as at June 30, 2024 totaled (\$214,430) (December 31, 2023– \$433,120).

The Company's objective when managing capital is to obtain adequate levels of funding to support the development of its business and to obtain corporate and administrative functions necessary to support organizational functioning.

The Company raises capital, as necessary, to meet its needs and take advantage of perceived opportunities and, therefore, does not have a numeric target for its capital structure. Funds are primarily secured through equity capital raised by way of private placements. There can be no assurance that the Company will be able to continue raising equity capital in this manner.

**19. SUBSEQUENT EVENTS**

*Non-Brokered Private Placement*

On August 14, 2024, the company announced a non-brokered private placement financing for gross proceeds up to \$1,200,000 through the issuance of 40,000,000 units in the capital of the company at a price of \$0.03 per unit. Each unit shall be comprised of one common share in the capital of the Company and one Common Share purchase warrant. Each Warrant entitles the holder thereof to acquire one Common Share at a price of \$0.05 per Common Share for a period of eighteen months from the date of issuance. The Company intends to use the gross proceeds from the offering for general working capital purposes, general and administrative expenses.
